

The Easton Ghost bat has become an issue both in USSSA and High School. Please be aware there are two ghost bats – one is legal in USSSA but not certified by USA Softball and therefore not legal in High School or College; the other is certified by USA Softball but not USSSA so it is illegal for USSSA use but legal in High School or College.

If you see the illegal bat, please remove it immediately.  
Hopefully before the batter enters the batter's box.

Yes. The coach and batter are responsible to not use illegal equipment.

But the penalty is severe and we would let to avoid it.

In addition to an out, the batter and head coach are ejected.

|--|--|--|

This Easton Ghost bat is **NOT legal in USSSA** but is legal in High School.

It does not have the USSSA thumbprint but does have the ASA Certification.
